The First Principle of the Salaried Man Should be

TO SAVE

It is possible that luck may play an important part in the quick making of fortunes, but it has nothing to do with fortunes accumulated from the savings of labor.

A bank account, however, will be of assistance and the young man or woman who will take this method of saving from his or her salary will eventually reach the desired goal.

This bank welcomes the accounts of those people who are working on salary and have a desire to save part of it.

CYCLONE NEAR SAN AUGUSTINE.

Bench Fussell Caught in Wreckage of His Home and Was Injured.

San Augustine, Texas, Feb. 19.—During a heavy rain and wind storm last evening at 3 o'clock a cyclone developed about six miles south of the town, ranging from southwest to northeast, striking the town of Steep Creek. It tore down all the dwellings and small houses in connection with the Cass mill, blew down the smoke stacks to the mill, tore off the sheds and roof and made kindling wood of some of the lumber piles. The width of the cyclone was about one hundred yards. Thence taking a northeasterly course, it blew down trees and cut a swath through some of the finest timber in the county. The next heard from, it struck Bench Fussell's house, about seven miles southeast of town, blowing down his kitchen and twisting the house out of shape. The part that blew down caught Mr. Fussell under it and broke his leg between the knee and thigh; also broke his foot, catching him in a trap from which he had to be dug out by hands on the place; also covering up in the debris one of his children, which however, was only slightly injured. It also tore down all of the negro cabins on the place, fences, gates and barns, leaving very little standing in its track. No further damage is reported so far. The telephone lines out of town are all down with one exception, the line from here to Nacogdoches. Damage cannot be estimated at present.

Purse Snatching Unpopular.

Dallas, Texas, Feb. 19.—That purse

snatching is in great disfavor with citizens of Dallas was evidenced today in the criminal court when, upon pleas of guilty to the charge of robbery, Amos Taylor and Briscoe Long, negroes, were given long terms of imprisonment. The jury assessed Taylor's punishment at twenty years and Long's at seven in the state penitentiary. Sentence was pronounced accordingly. Almost at noon February 19, while at a street corner of one of the most thickly populated and best resident portions of the city, Mrs. M. Mummert was struck a violent blow in the face by a burly negro, who snatched her purse, containing \$20, and made away with it in company with a confederate. When arrested in the evening of the same day, Taylor, who was identified by Mrs. Mummert as the negro that struck her and who grabbed the purse, bolted from the officers, and only stopped when brought down with a bullet shot through his shoulder. Mrs. Mummert identified Long as the negro who stood on the opposite side of the street watching and who made off in company with Taylor.

BURGLAR WITH DIRK.

Brownsville Home Was Entered and Thief Helped Himself.

Brownsville, Texas, Feb. 19.—One of the boldest burglaries known in this country was committed here last night when a man with an unusually large dirk in his hand walked into the home of L. E. Bronaugh in the presence of Mrs. Bronaugh and a small son, and proceeded to strip the beds of the bedclothes and to take some of the dresses of the lady's, amounting to about \$25. Mrs. Bronaugh was too frightened to move or give the alarm until the thief had disappeared. Officers have been unable to locate him so far.
